Amtrak California System

Systemwide Changes and Corrections

This timetable includes schedule changes effective October 27, 2002.

All **changes** in timetable grids are shown in **bold face type**. This applies only to primary schedules, not connections. Primary schedules are easily differentiated from connections since connections are shown in *italics*. The schedule number index on pages 86-91 indicates which page has the primary schedule for each individual train or bus schedule.

The AFR (Amtrak Finance Route) is shown at the top of the "Notes" box on each grid. When there are exceptions, these are noted above the particular schedule. This information is useful for a few staff members of Amtrak's financial department--the rest of you are encouraged to ignore it.

Pacific Surfliner Route

There are only a few minor schedule changes along the *Surfliner* route. There are, however, quite a few changes to the train numbers. Over the years, every time a train has been added, it requires that many other trains be renumbered to make room. With this latest renumbering, Amtrak has attempted to make room for anticipated future additions to the schedule. Trains that continue north of Los Angeles are still in the 700 series, and those that operate only between San Diego and Los Angeles are still in the 500 series, but the range of numbers used has been spread somewhat.

The stop at San Clemente Pier has been reduced to weekends only during the winter season. It will be restored to daily service next spring.

Beginning December 14, 2002, one of the Route 17A bus connections will be extended north to King City, Salinas, San Jose and San Francisco, offering daytime *Surfliner* connections from San Diego and Los Angeles to San Francisco for the first time.

See page 9 for a summary of *Surfliner* changes.

San Joaquin Route

There are almost no changes to the *San Joaquin* train schedules. The time between Martinez and Antioch has been reduced by five minutes, reflecting State financed track improvements on Union Pacific's Moccasin Line. This is manifested by having all eastbound/southbound trains leave Oakland five minutes later, with no change to the schedule beyond Antioch. Conversely, all westbound/northbound trains arrive at all stations Martinez through Oakland five minutes earlier.

Bus changes are relatively minor. All service to Newport Beach and Laguna Beach has been discontinued, with buses rerouted to San Pedro. The night connections for Trains 711 and 704 have been reduced to one bus between Los Angeles and Bakersfield for the winter season.

The savings from these changes have been used to add a fourth round trip on Route 10 between Bakersfield and Santa Barbara. Other changes include new Suisun/Fairfield connections for Trains 702 and 703, and a second bus stop in Healdsburg.

See pages 20-21 for a complete run-down of *San Joaquin* changes.

Capitol Corridor

The *Capitol Corridor* adds a tenth round trip (on weekdays only) between Sacramento and Oakland. They hope to add an 11th early in 2003. The new train provides an earlier morning arrival in Sacramento and a 6:40pm departure westbound. Schedules have been lengthened between Oakland and San Jose to allow for track improvement construction.

Sacramento and Emeryville bus connections have only minor changes. At San Jose, however, Route 22 service to Santa Cruz has been reduced due to decreasing ridership (partly brought about by the lack of Caltrain connections on weekends). Route 21 to Monterey has also been reduced to a single round trip and the stops at Watsonville and California State University-Monterey Bay have been discontinued. The savings from these bus service reductions will be used to help finance the additional train service.

See pages 39-41 for a complete summary of *Capitol* changes.

***Cascades* Route**

As part of the *Pacific Surfliner* renumbering project, the *Cascades* had to be renumbered to make room. As a result, all trains are now in the 500 series, and connecting buses have been renumbered accordingly. Apart from this, there are virtually no changes to the train schedules.

Basic System Trains

Basic system changes mostly involve restringing, with end-point times generally the same, or nearly the same, as they were in the last timetable. A few new Thruway bus connections have been added, including the free shuttle connecting the *Southwest Chief* at Williams Jct. with the Grand Canyon Railway station in Williams. Amtrak recently announced that they will be getting out of the express business. We can only hope that this will improve timekeeping on the long distance trains.

Connecting Non-Amtrak Services

Caltrain : New Caltrain schedules went into effect on July 1, 2002 and were revised on August 26, launching the major capital improvement program that will ultimately result in "Baby Bullet" express service on the Peninsula. While this project is underway, all weekend train service has been suspended. Replacement bus service, known as RRX, provides limited service on Saturday and Sunday. On weekday holidays, however, train service will operate. The August 26 train schedules are shown on pages 71-72 and the RRX schedules are shown on page 73.

The latest **ACE** schedules are shown on page 74, and **Coaster** is shown on page 80.

New **Metrolink** schedules are also effective October 27, 2002, and are shown on pages 74-79.

The biggest news involving Metrolink and Amtrak is the new "Rail 2 Rail" program that began on September 1, 2002. Under this plan, Metrolink monthly pass holders may ride any *Pacific Surfliner* train or Thruway bus within the trip limits of their pass at no additional charge. Conversely, Amtrak ticket holders may use any Amtrak *Pacific Surfliner* ticket on Metrolink trains within the limits of their ticket. In addition, Amtrak and Metrolink fares between Burbank Airport and Los Angeles have been "common rated" (both railroads charge the same fare). This means that ANY Metrolink or Amtrak ticket between Burbank Airport and Los Angeles (and intermediate stops) may be used on ANY Metrolink or Amtrak train. Just buy a ticket from the ticket machine, and catch the next train, whatever it may be.

Coming soon will be through Amtrak-Metrolink tickets via connecting services. For instance, once this plan goes into effect, a passenger will be able to purchase an Amtrak ticket in Santa Barbara for travel to San Bernardino via the Amtrak *Pacific Surfliner* to Los Angeles and then via Metrolink to San Bernardino.

Next Schedule Change

This timetable should take through to the Spring 2003 schedule change. A date for that change has not been set, but it is usually at the end of April or sometime in May.

General Notes

The following notes and symbols are used throughout this timetable. Additional footnotes for each schedule are shown in the "Notes" box, usually located at the bottom of the page.

() - Numbers and letters in Parentheses after Station name indicate additional service at that station.

CC - *Capitol Corridor* (Auburn - Sacramento - Oakland - San Jose)

PS - *Pacific Surfliner* (San Diego - Los Angeles - Santa Barbara - Goleta - San Luis Obispo)

SJ - *San Joaquin* (Bakersfield - Fresno - Stockton - Sacramento - Emeryville - Oakland)

Numbers indicate bus routes, see List of Routes on Page 2.

In the Basic System Schedules, these additional codes are used:

CS - *Coast Starlight* (Seattle - Sacramento - Oakland - San Jose - Los Angeles)

CZ - *California Zephyr* (Chicago - Denver - Salt Lake - Reno - Sacramento - Emeryville)

EB - *Empire Builder* (Chicago - Twin Cities - Spokane - Seattle/Portland)

NW - *Cascades* (Eugene - Portland - Seattle - Vancouver, BC)

SW - *Southwest Chief* (Chicago - Kansas City - Albuquerque - Los Angeles)

SL - *Sunset Limited* (Orlando - New Orleans - Houston - Los Angeles)

TE - *Texas Eagle* (Chicago - St. Louis - Dallas - San Antonio - Los Angeles)

Schedules that have changes are shown in bold face type, schedules with no changes are shown in light face type.

Connections are shown in italics.

When stop location is not identified, stop is at Amtrak Station.

Arrival times for Outbound Buses: Schedules for buses traveling away from the Train Connection are approximate.

Actual arrival time will depend on traffic conditions, train connections, and number of passengers for each stop. At "D" stops, arrival time may be either before or after scheduled time.

Shaded areas indicate bus service.

Unshaded areas indicate train service.

AFR: - Amtrak Finance Route.

@ - Stop location to be determined.

b - Bus connection point, connection guaranteed.

c - Train connection point, connection guaranteed.

D - Stops only to discharge passengers, arrival time approximate. Does not stop when there are no passengers getting off at this stop.

® - Reservations required on this train or bus.

An arrow indicates a connection from one schedule to another.

A straight vertical line in the schedule column indicates that the bus or train does not serve the stop.

A horizontal dash in the schedule column indicates that the train passes the stop, but does not stop.

Daily - Schedule operates seven days a week.

XSSH - Schedule operates Daily **except** Saturdays, Sundays and Holidays (see below).

SSH - Schedule operates on Saturdays, Sundays and Holidays **only** (see below).

See "Notes" for other frequency notations.

Holidays: New Years Day, Memorial Day, Independence Day (July 4), Labor Day, Thanksgiving Day, and Christmas Day. In most cases, Sunday service is operated on these holidays. In some cases, Holiday schedule may also be operated on Martin Luther King Jr. Day, Presidents' Day and the day after Thanksgiving, consult Amtrak.

Bicycles: On the *San Joaquins* and *Capitols*, each regularly assigned coach car (6400 & 8000 series), and cab car (8300 series) has a bicycle rack that accommodates three bicycles. Cab cars (6900 series) have a baggage room that is used for checked baggage on the *San Joaquins*. Since the *Capitols* do not handle checked baggage, this baggage room on 6900 series cab cars can accommodate 13 bicycles when the baggage racks are folded up. Coach-baggage cars (8200 series) Café-Coaches and Dining Cars do not have bicycle racks.

On the *Pacific Surfliner* trains equipped with the new *Surfliner* equipment, only coach cars in the 6400 series (usually two on each train) are equipped with bicycle racks. **Bicycle space is available on a first-come, first-served basis.**

Amtrak California System

Types of Bus Services

There are three types of Amtrak Thruway Bus Service shown in this Timetable. Each individual route table indicates which type the bus route is in the box at the top.

Dedicated bus connections are operated exclusively for Amtrak passengers holding Amtrak tickets. State law requires that passengers on these routes must be using the bus in combination with train travel. While schedules are primarily designed to connect with Amtrak trains, passengers may also use these buses to connect with other rail services, such as Caltrain or Metrolink. Local bus-only travel is only permitted when travel is part of a round-trip that includes train travel in the other direction.

Passengers may stopover, within the limit of their ticket's validity, at the transfer point. Most bus routes in the Amtrak California System are operated as Dedicated connections.

Mixed Mode buses are operated in conjunction with regular intercity bus carriers. Amtrak passengers are carried on the same bus as the bus company's own passengers. In some cases, mixed mode buses make more stops than those shown in Amtrak timetables. Amtrak passengers may ride the buses to or from these stops, but must purchase their Amtrak ticket to the next Amtrak fare point beyond the stop. Route 18A (Hanford-Santa Maria), Route 18B (Hanford-Visalia), Route 33 (Fresno-Porterville) and Route 34 (San Francisco-Stockton) are mixed-mode feeders.

Interline connections are basically the same as Mixed-Mode service, except that the bus service receives no financial support from Caltrans or Amtrak, other than passenger revenues. Amtrak tickets are honored, and the carrier receives compensation for each Amtrak passenger carried. Route 15 (Yosemite), Route 69 (Los Angeles-Las Vegas), the Greyhound schedule from Bakersfield to Las Vegas (Bus 8816) and most basic system and *Cascades* connections are interline feeders.

Passengers without Tickets: In most cases, an Amtrak passenger who does not have a prepurchased Amtrak ticket will purchase a combination train/bus ticket from the bus driver. This ticket includes the bus portion of the trip, and train fare to the first stop beyond the transfer point. If the passenger is traveling beyond the first stop, the ticket agent at the train connection station will apply the ticket purchased from the bus driver toward the ticket for their entire trip. On some routes, passengers without tickets will be taken to the next Amtrak ticket office (usually the transfer point) to purchase their tickets. Outbound passengers from the train must have a valid ticket or ticket receipt before boarding bus.

Connecting Service: Connecting train services shown in this timetable are not Amtrak Thruway services. They are services operated by other carriers (public or private) which connect with Amtrak trains or buses. These connections are useful for those traveling to points not served by Amtrak.

Connecting service schedules are shown for information only, and are subject to change at any time, without notice. Passengers wishing to use any of these services should verify schedules with the operator before traveling. In most cases, Amtrak tickets are not valid on connecting services.

Wheelchair Accessible Bus Service

Buses regularly assigned to California Amtrak service are equipped with wheelchair lifts and tie-down provisions for at least one wheelchair per bus. To assure that space is available for passengers wishing to use a wheelchair lift, advance reservations are suggested, and may be made through Amtrak's Toll-Free Reservation Number (1-800-USA-RAIL).

When a passenger requests use of a wheelchair equipped bus, the ticket agent or reservation agent should reserve a "W" seat and initiate a Special Service Request through the Philadelphia, PA RSO. 24-hour advance notice is advised for all wheelchair requests. The Philadelphia RSO will in turn notify the bus company of the date, time and schedule of the passenger, the passenger's name, and any special instructions. Local station agents are encouraged to also notify the bus operator, to ensure that a wheelchair-lift equipped bus will be assigned to the proper schedule.

PACIFIC SURFLINER ROUTE

Summary of Changes and Corrections

Train Schedules

Pacific Surfliner Route -- San Diego - Los Angeles - Santa Barbara - San Luis Obispo – The stop at San Clemente Pier becomes a weekend and holiday only stop for the duration of the Fall/Winter timetable. It will return to daily service at the Spring timetable change.

A new numbering scheme for the *Surfliners* has been created that allows for future expansion of service without the need to renumber other trains. New numbers are indicated by **bold type**. All trains operating north of Los Angeles have had time reductions of from 5 to 10 minutes, usually with earlier arrivals northbound and later departures southbound.

Northbound, Train 799 becomes Train **761**, departing Los Angeles 5 minutes later, with a 5 minute reduction in run time to allow the Goleta arrival to be unchanged. Train 765 becomes Train **763** with the Chatsworth stop becoming daily and some minor restringing. Old Train 567 becomes Train **565** without schedule change. Train 569 becomes New Train **567** with minor restringing. Train 771 becomes Train **769** with minor restringing. Train 563 becomes Train **571** without schedule change. Train **775** has minor restringing and adds a stop at Chatsworth. Train 581 becomes Train **583** without schedule change. Train 783 becomes Train **785** with earlier arrivals at Santa Barbara and Goleta. Train 585 becomes New Train **587**; Old Train 587 becomes New Train **589**; Old Train 589 becomes New Train **591**; Old Train 591 becomes New Train **593**; Old Train 593 becomes New Train **595**; and Old Train 595 becomes Train **597**--all without schedule change. All other trains are unchanged.

Southbound, weekday Old Train 566 becomes Train **562** with minor restringing. Train 568 becomes Train **564**, and Train 570 becomes New Train **566**--both without schedule change. Train 772 becomes Train **768** with minor restringing. Train 574 becomes Train **572** without schedule change. Train 776 becomes Train **774** with minor restringing. Trains **780**, **582** and **784** have some minor restringing, and Train **784** adds a stop at Chatsworth. Train 794 becomes Train **796** with some minor restringing. All other southbounds are unchanged.

Note that Friday service will also operate on Wednesday, November 27, 2002. **Important: All *Pacific Surfliner* trains and buses require advance reservations from November 26 through December 2, 2002.**

Bus Schedules

Route 4 -- South Coast – Northbound, Special Bus **4583** operates on Wednesday, November 27 and Sunday, December 1, 2002 only. Bus 4587 becomes New Bus **4589** while Old Bus 4589 becomes Bus **4591**--both without schedule change. Southbound, Special Bus **4582** operates on November 27 and December 1 only, connecting with Train 582. Buses **4590** and **4592** are unchanged.

Route 1 -- Los Angeles Basin – All Route 1 bus service to Newport Beach and Laguna Beach (and on the San Juan Capistrano) has been discontinued due to disappointing ridership. The *San Joaquin* connections that formerly served these stops have been rerouted to serve San Pedro.

See the *San Joaquin* summary on pages 20 and 21, for a complete discussion of Route 1 changes.

Route 17-A -- Central Coast – Northbound, Weekend Bus 4799 becomes Bus **4761**, running 5 minutes later. Bus 4765 becomes Bus **4763**, running 10 minutes earlier. Bus 4771 becomes Bus **4769**, running 5 minutes earlier with the stops at Cal-Poly and Atascadero discontinued. Beginning December 14, 2002, this bus will be extended beyond Paso Robles to King City, Salinas, San Jose and San Francisco. Bus 4761 becomes Bus **4759**, running 5 minutes earlier. Bus **4775** also runs 5 minutes earlier. Bus 4783 becomes Bus **4785**, running 5 minutes earlier.

Southbound, buses that stop at Buellton and Solvang have been restrung to better reflect traffic conditions. Bus 4772 becomes Bus **4768**, running 5 minutes later. Bus **4780** leaves Cal-Poly 25 minutes earlier, adds a stop in Lompoc, and arrives Santa Barbara 5 minutes later. Buses **4764** and **4784** run 5 minutes later. Bus 4794 becomes Bus **4796**, and no longer stops at Cal-Poly, Lompoc or Buellton, which results in a San Luis Obispo departure 35 minutes later. Beginning December 14, 2002, this bus will originate in San Francisco, stopping at San Jose, Salinas, King City and Paso Robles before assuming its schedule at San Luis Obispo. New Bus **4776** provides shuttle service from Lompoc and Buellton to Bus 4796 at Solvang.

Route 17-B -- Santa Ynez Valley – Eastbound, Bus 4877 becomes Bus **4873**, running 10 minutes later. Bus **4875** is unchanged. Westbound, Bus 4876 becomes New Bus **4874**, arriving Surf 10 minutes later. Old Bus 4874 becomes Bus **4878**, with no change in arrival time. Both westbound buses have had the running time between Lompoc and Surf reduced to better reflect actual conditions and reduce connect time. This change results in later departure times from all stops.

SAN JOAQUIN ROUTE

Summary of Changes and Corrections

Train Schedules

San Joaquin Route -- Oakland - Emeryville/Sacramento - Stockton - Fresno - Bakersfield -- The only schedule changes for the *San Joaquins* are west of Antioch. Completion of the track and signal improvement project on Union Pacific's Mococo Line between Port Chicago and Martinez permits a five minute speed-up of all trains. This results in all westbound/northbound trains arriving at all stations from Martinez through Oakland 5 minutes earlier. Eastbound/southbound trains depart these stations 5 minutes later. Beyond Martinez, there are no changes for the *San Joaquins*.

Bus Schedules

See the *Capitol Corridor* summary, on Pages 39-40, for a description of changes to Routes 20 (High Sierra/Sierra Foothills), 23 (Lake Tahoe), 99 (Trans Bay), 21 (Monterey Bay/Central Coast) and 22 (Santa Cruz).

Route 34 – Bay Area-Stockton -- To improve reliability, Eastbound Bus 4404 runs 15 minutes earlier from San Francisco and Oakland, but Stockton times are unchanged. There are no other changes to Route 34.

Route 3 – Sacramento Valley -- Southbound, Bus 3802 adds a stop at Suisun/Fairfield (Amtrak Station), but is otherwise unchanged. Bus 3704 runs 15 minutes later, due to the later departure of *Capitol Corridor* Trains 545/745. Bus 3718's schedule is unchanged, but on weekdays it now has a much-improved *Capitol Corridor* connection to New Train 549. All other southbound schedules are unchanged.

Northbound, All buses serving Redding now have a discharge-only stop at the Redding Greyhound Depot. For Buses 3711 and 3701, this stop is for passengers connecting to the Greyhound Route 27 bus to Weaverville and Willow Creek (see below). For Buses 3715 and 3717, this stop is primarily for passengers wanting an open, well-lighted place to wait for a ride, but also is for those connecting to the early morning Route 27 bus. Due to problems encountered trying to use Route 99 Bus 6603 as a connection for Train 703, Bus 3803 will be restored to daily operation. It will also be extended to Suisun/Fairfield since Bus 6603 generated more ridership to that stop than was expected. All other northbounds are unchanged.

New Stop Location—Redding (RDD): (Additional Stop--northbound only) Greyhound Depot, 1321 Butte St. (at Pine St.), 96001.

Route 7 -- North Bay/Redwood Empire -- Southbound, Buses 6414 and 6446 add a stop at the VINE Transit Center in Napa, resulting in departure times from Santa Rosa, Rohnert Park and Petaluma 5 minutes earlier. Buses 6316 and 6318 add a second stop at Healdsburg without any other schedule change. All other southbound buses are unchanged.

Northbound, Buses 6311 and 6313 add a second stop in Healdsburg, but are otherwise unchanged. Buses 6415 and 6515 leave Martinez 1 minute earlier, with no other changes. In Timetable No. 25, Bus 6527 was incorrectly labeled 6525. All other northbound trips do not change.

New Stop Location—Healdsburg (HEA): To accommodate passengers visiting Healdsburg, those relying on public transportation, and those that live in the downtown area, a second stop is being added at The Singletree Inn Restaurant, 165 Healdsburg Ave., Healdsburg, CA 95448. Buses will continue to stop at the Park & Ride Lot for those passengers who wish to park-and-ride, and for those who find this location more convenient.

Route 6 – South Bay/Santa Cruz -- Westbound, Bus 3901 runs 10 minutes earlier from San Jose to Santa Cruz, but is otherwise unchanged. Bus 3917 is extended to Santa Cruz on Route 22 Bus 6817's schedule, while Bus 6849 between San Jose and Santa Cruz has been discontinued. There are no other westbound changes.

Eastbound, Bus 3910 is restrung, adding a stop at the Caltrain Station in Santa Clara, and also adding weekday discharge-only stops at the ACE stations in Pleasanton and Lathrop for ACE passengers.

Santa Cruz-San Jose Bus 6999 runs 15 minutes earlier, and former Route 22 Bus 6945 is now operated by Route 6. There are no other changes to eastbound schedules.

New Stop Location—Santa Clara-Caltrain: This stop is primarily for ACE passengers, and therefore does not have a three-letter code. It may be used by Amtrak passengers connecting to Train 703 at Stockton, but since Santa Clara is not an “official” Amtrak stop, tickets should be purchased from San Jose. Caltrain Station, Railroad Ave. and Franklin Street, 95050.

Route 15 -- Yosemite -- There are some minor changes, but they were received too late to be included. Consult ARROW for current schedules.

Route 18-A – Central Coast/Valley – Formerly known as “Route 18” this route has now be designated as “Route 18-A” to permit Route 2 to be redesignated “Route 18-B”. Eastbound, both Buses 4913 and 4903 have been restrung to better reflect actual driving times. Westbound there are no changes.

Route 18-B – Tulare County – This route was formerly designated “Route 2”, but because it is part of the contract for Route 18, there was some confusion. As a result, it has been redesignated “Route 18-B”. There are no schedule changes.

Route 33 – East Valley – Northbound Buses 4801 and 4803 have been restrung, leaving Porterville 30 minutes earlier to improve reliability, especially during “fog season” this winter. Southbound buses are unchanged.

Route 10 – South Coast/Valley – Westbound, New Bus 4612 has been added, connecting with Train 712. Eastbound New Bus 4617 has likewise been added, connecting with Train 717. There are no other changes.

Route 9 – Barstow/Las Vegas – Greyhound Interline Bus 8816 has some minor restringing, including moving the rest stop from Barstow to Kramer Jct. All other Route 9 schedules are unchanged. Note that Buses 4217 and 4203 will operate **one hour earlier from all stops** on November 27 and December 24, 2002, and January 1, 2003 because of holiday traffic.

Route 12 – Antelope Valley – No changes.

Route 1 -- Los Angeles Basin -- All service to Newport Beach and Laguna Beach has been discontinued. The 5600 series buses that connected with the *Surfliners* at San Juan Capistrano, have been discontinued entirely. The 5700 series buses that operated through to or from Los Angeles and Bakerfield, now serve San Pedro instead of Newport Beach and Laguna Beach.

Northbound, All 5900 series Route 1-C buses have been restrung to improve reliability. All departure times are 10-15 minutes earlier. All 5700 series buses operating from San Pedro and Long Beach (except 5711) have had 10 minutes added to the time between Long Beach and Los Angeles, resulting in earlier departures from Long Beach. Bus 5711 operates only between San Pedro and Los Angeles, connecting to Bus 5811, rather than operating through. Times are 10 minutes earlier. Bus 5811 adds stops in Fullerton and Van Nuys-FlyAway, resulting in a schedule 15 minutes earlier from San Diego and 10 minutes earlier from Los Angeles. Bus 5701 now originates at Los Angeles, no longer operating from Long Beach in the middle of the night. Bus 5813 adds a stop in Fullerton, and leaves Santa Ana 15 minutes earlier. Bus 5883 is renumbered 5885, but is otherwise unchanged. There are no other northbound changes.

Southbound, Bus 5874 is renumbered 5872 without schedule change. Bus 5704 has been discontinued. Bus 5804 adds a stop at Van Nuys-FlyAway, arrives at Los Angeles 10 minutes later, and after the stop at Santa Ana, continues on to Long Beach. All other southbound schedules are unchanged.

Route 19 – Inland Empire/ Coachella Valley – No Changes.

Route 27 -- Trinity County -- This route operated as an interline feeder for a short time in the mid-90's. Greyhound has now revived the service with Federal funding, and it is now part of the Amtrak system as an interline feeder. The schedules are shown on page 61. It provides Amtrak connections to Willow Creek and Weaverville via either Arcata or Redding. At Arcata, Greyhound and Amtrak share the same stop at the transit plaza. In Redding, eastbound buses will drop passengers at the Amtrak stop on request, and northbound Amtrak buses will drop passengers at the Greyhound depot on request.

CAPITOL CORRIDOR

Summary of Changes and Corrections

Train Schedules

Capitol Route -- Auburn - Sacramento - Emeryville - San Jose – The *Capitol Corridor* adds a tenth weekday round-trip between Sacramento and Oakland. They hope to add an eleventh train early in 2003. Time has been added between Oakland and San Jose (for those trains that serve San Jose) to allow for trackwork. Most other changes are relatively minor.

Westbound, All trains have minor restringing between Davis and Berkeley, and trains that go to San Jose are restrung south of Oakland and arrive later in San Jose (usually 5 minutes). Other changes: weekend Train 737 runs 30 minutes later, leaving Sacramento at 12:40pm. Trains 545/745 run 30 minutes later, leaving Sacramento at 4:40pm. New Train 549 (weekdays only) leaves Sacramento at 6:40pm. Old Train 549 is renumbered 551 (although the weekend counterpart is still Train 749).

Eastbound, New Train 518 leaves Oakland (weekdays only) at 5:25am, arriving Sacramento at 7:35am. Weekday Trains 522, 532, 540 and 544 leave San Jose 10 minutes earlier, with no change of schedule between Oakland and Davis, arriving Sacramento 5 minutes earlier. Weekend Trains 724, 728, 734 and 744 run approximately 10 minutes later from Fremont to Davis, arriving Sacramento 5 minutes later. Train 538 has minor restringing at Martinez and Suisun/Fairfield. Weekend Train 738 runs 20-30 minutes later. Trains 542/742 run 5 minutes later with minor restringing at Martinez and Suisun/Fairfield. Train 746 is renumbered 748, running approximately 10 minutes later from Fremont to Davis, arriving Sacramento 5 minutes later. All other eastbound trains are unchanged.

Bus Schedules

See the *San Joaquin* summary, starting on Page 20, for a description of changes to Route 3 (Sacramento Valley) and Route 7 (North Bay-Redwood Empire).

Route 20 -- High Sierra/Sierra Foothill – Westbound, Bus 3537 becomes a weekday only bus, replaced on weekends by Bus 3587 running 30 minutes later. Buses 3545 and 3645 run 15 minutes later. All other westbound schedules are unchanged.

Eastbound, Buses 3528, 3628, 3534 and 3634 run 5 minutes later. Weekend Bus 3688 runs 25 minutes earlier. Bus 3640 (operated by Route 3) runs 5 minutes earlier. Bus 3642 runs 5 minutes later. All other eastbound Route 20 schedule are unchanged.

Route 23 -- Lake Tahoe – Westbound, Bus 3437 becomes weekdays only, replaced on weekends by Bus 3487 running 30 minutes later. Bus 3445 runs 15 minutes later, while Bus 3449 is unchanged. Eastbound there are no changes.

Route 22 -- Santa Cruz – Ridership on Route 22 has declined rather drastically over the last year. There are probably several reasons for this, including the Silicon Valley hi-tech economic downturn, and the effects of SB-804 (requiring all Amtrak Thruway bus passengers to be connecting to or from a train). The final blow was undoubtedly the suspension of all weekend service on Caltrain. Many of the Route 22 passengers were weekend visitors to Santa Cruz, using Caltrain to get to San Jose. Another group that used the bus frequently were students at UC-Santa Cruz who would travel

to the Bay Area on Friday or Saturday and return on Sunday. With no Caltrain weekend service, these riders appear to be finding other ways to make the trip. As a result, the Capitol Corridor has decided to trim the number of buses operating on Route 22.

Westbound/Southbound, Bus 6823 runs weekdays only and runs 5 minutes earlier. On weekends it is replaced by Bus 6873 running 10 minutes later. Bus 6873 also continues to the Boardwalk. Bus 6825 arrives in Santa Cruz 10 minutes later and at the Boardwalk 5 minutes later. Bus 6877 arrives in Santa Cruz 4 minutes later. Bus 6827 is discontinued. Route 6 Bus 3901 leaves San Jose 10 minutes earlier but arrives in Santa Cruz 5 minutes later. Bus 6883 leaves San Jose 30 minutes earlier, arrives Santa Cruz 15 minutes earlier and does not go to the Boardwalk. Route 21 Bus 6837 (weekdays only) connects with Train 537, leaving San Jose at 3:35pm, arriving Santa Cruz at 4:40pm. On weekends it runs 30 minutes later as Bus 6887 connecting with Train 737. Bus 6813 leaves San Jose 5 minutes earlier, arriving Santa Cruz 5 minutes later. Bus 6841 runs 15 minutes earlier. Bus 6847 arrives Santa Cruz 5 minutes later. Bus 6817 is replaced by Route 6 bus 3917, arriving Santa Cruz 5 minutes later and not going to the Boardwalk. Route 6 Bus 6849 is discontinued. All other westbound/southbound schedules are unchanged.

Eastbound/Northbound, Bus 6832 becomes weekday only, leaving Santa Cruz 10 minutes earlier and arriving San Jose 15 minutes earlier. On weekends, it becomes Bus 6971, running 20 minutes later than the weekday bus and also serving the Boardwalk. Bus 6961 is discontinued. Bus 6838 runs 10 minutes later and does not stop at the Boardwalk. Bus 6842 runs 15 minutes earlier and also does not stop at the Boardwalk. Bus 6844 no longer stops at the Boardwalk, but is otherwise unchanged. Route 21 Buses 6846 (old) and 6896 are discontinued. Bus 6810 leaves Santa Cruz 5 minutes earlier and arrives San Jose 10 minutes earlier. Bus 6814 runs 25 minutes earlier. Bus 6999 runs 15 minutes earlier. Bus 6843 runs 5 minutes earlier from Santa Cruz to San Jose. Bus 6945 becomes a Route 6 bus, running 10 minutes earlier and not stopping at the Boardwalk. All other eastbound/northbound Route 22 buses are unchanged.

Route 99 -- Trans Bay -- Westbound, Buses 6623 and 3323 leave Emeryville 1 minute later (due to later train arrival), but are otherwise unchanged. Oakland Coliseum Special Bus 5511 runs 5 minutes earlier. Bus 6637 becomes weekdays only, replaced on weekends by Bus 6687 running 30 minutes later. Bus 5005 runs 20 minutes earlier. Buses 6645 and 3345 run 25 minutes later. New Bus 6649 connects with New Train 549 at Emeryville. In Timetable No. 25, the schedule for Bus 6014 was 2 minutes off, it should have been as shown in this timetable. Old Bus 6649 is renumbered Bus 6651. Late night Bus 6603 from Sacramento leaves 30 minutes later and is renumbered, arriving at the Ferry Building 50 minutes later. It no longer goes to 4th & Market or Caltrain. All other westbound schedules are unchanged.

As was true in the last timetable, where westbound *San Joaquin* and *Capitol* buses are operating on the same schedule, and both trains are expected to arrive approximately on-time, the two (or more) buses will wait for both trains to arrive, and will share the passengers and split up the stops. For example, one bus might go to the Hyatt, the Ferry Building and Pier 39, while the other will go to Caltrain, Moscone and 4th & Market. This arrangement is indicated by Note C in the timetable.

Eastbound, New Bus 6668 (weekdays only) connects with New Train 518 (the 6618 schedule number is already used by Train 718's connection). Buses 6662 (weekdays) and 6612 (weekends) run 5 minutes later for the later train departure. Bus 6011 runs 5 minutes later. Buses 3374 and 6634 run 10 minutes later. Bus 6614 runs 5 minutes later. Bus 6628 runs weekdays only, replaced on weekends by Bus 6678 running 10 minutes later. Bus 6682 runs 10 minutes later. Bus 6616 runs 5 minutes later. Bus 6634 becomes weekdays only, replaced on weekends by Bus 6684, running 10 minutes later. Buses 6688 and 3388 run 20 minutes earlier. *California Zephyr* Oakland connection Bus 6005 runs 20 minutes earlier. Buses 6644 and 3344 become weekday only, replaced on weekends by Buses 6694 and 3394, running 10 minutes later. Weekday Sacramento Bus 6646 leaves Berkeley and Richmond 5 minutes later, Martinez 15 minutes later, Suisun/Fairfield 25 minutes later, Davis 40 minutes later, and arrives Sacramento 45 minutes later. Weekend Bus 6696 and 3396 are replaced by Bus 6698 connecting with renumbered Train 748.

Route 21 – Monterey Bay/Central Coast –

Oakland-San Jose Branch: Southbound, Bus 6727, which formerly ran through to Monterey, is renumbered Bus 6127 and operates only to San Jose. Bus 6145 runs 30 minutes later. All other southbound Oakland buses are unchanged.

Northbound, weekday Bus 6120 is replaced by Bus 6106, operating non-stop from San Jose to Emeryville, connecting with the *California Zephyr*. Bus 6142 leaves San Jose 15 minutes later, arriving Oakland 5 minutes later. Through Bus from Monterey 6846 is replaced by Bus 6146 operating from San Jose to Emeryville only, running 10 minutes later than the former schedule. All other schedules are unchanged.

Monterey Bay Branch: Two of the three round trips between San Jose and Monterey have been discontinued, as have the stops at Watsonville and California State University-Monterey Bay. The remaining Monterey bus operates southbound as Bus 6837 on weekdays, connecting with Train 537 and operating via Santa Cruz. On weekends it runs 30 minutes later as Bus 6887, connecting with Train 737. Northbound, the remaining bus operates as Bus 6834, leaving Monterey 15 minutes later, and operating via Santa Cruz (as before).

Central Coast Branch: Southbound Bus 6237 becomes weekdays only, operating 5 minutes later. On weekends, it is replaced by Bus 6287, running 30 minutes later. Northbound Bus 6234 is unchanged.

Beginning December 14, 2002, one Route 17A round trip will be extended to San Francisco, making many of the same stops as these Route 21 buses. While the northbound Route 17A bus will operate too late to make any *Capitol Corridor* connections at San Jose, the southbound schedule (Bus 4796) makes a weekday connection at San Jose with Bus 6127 from Oakland. On weekends, it connects with Train 727 from Sacramento.

Route 68 -- Monterey Peninsula – No changes.

Notes:

ACE Schedule are subject to change.

ACE operates Monday through Friday only. No weekend or Holiday service.

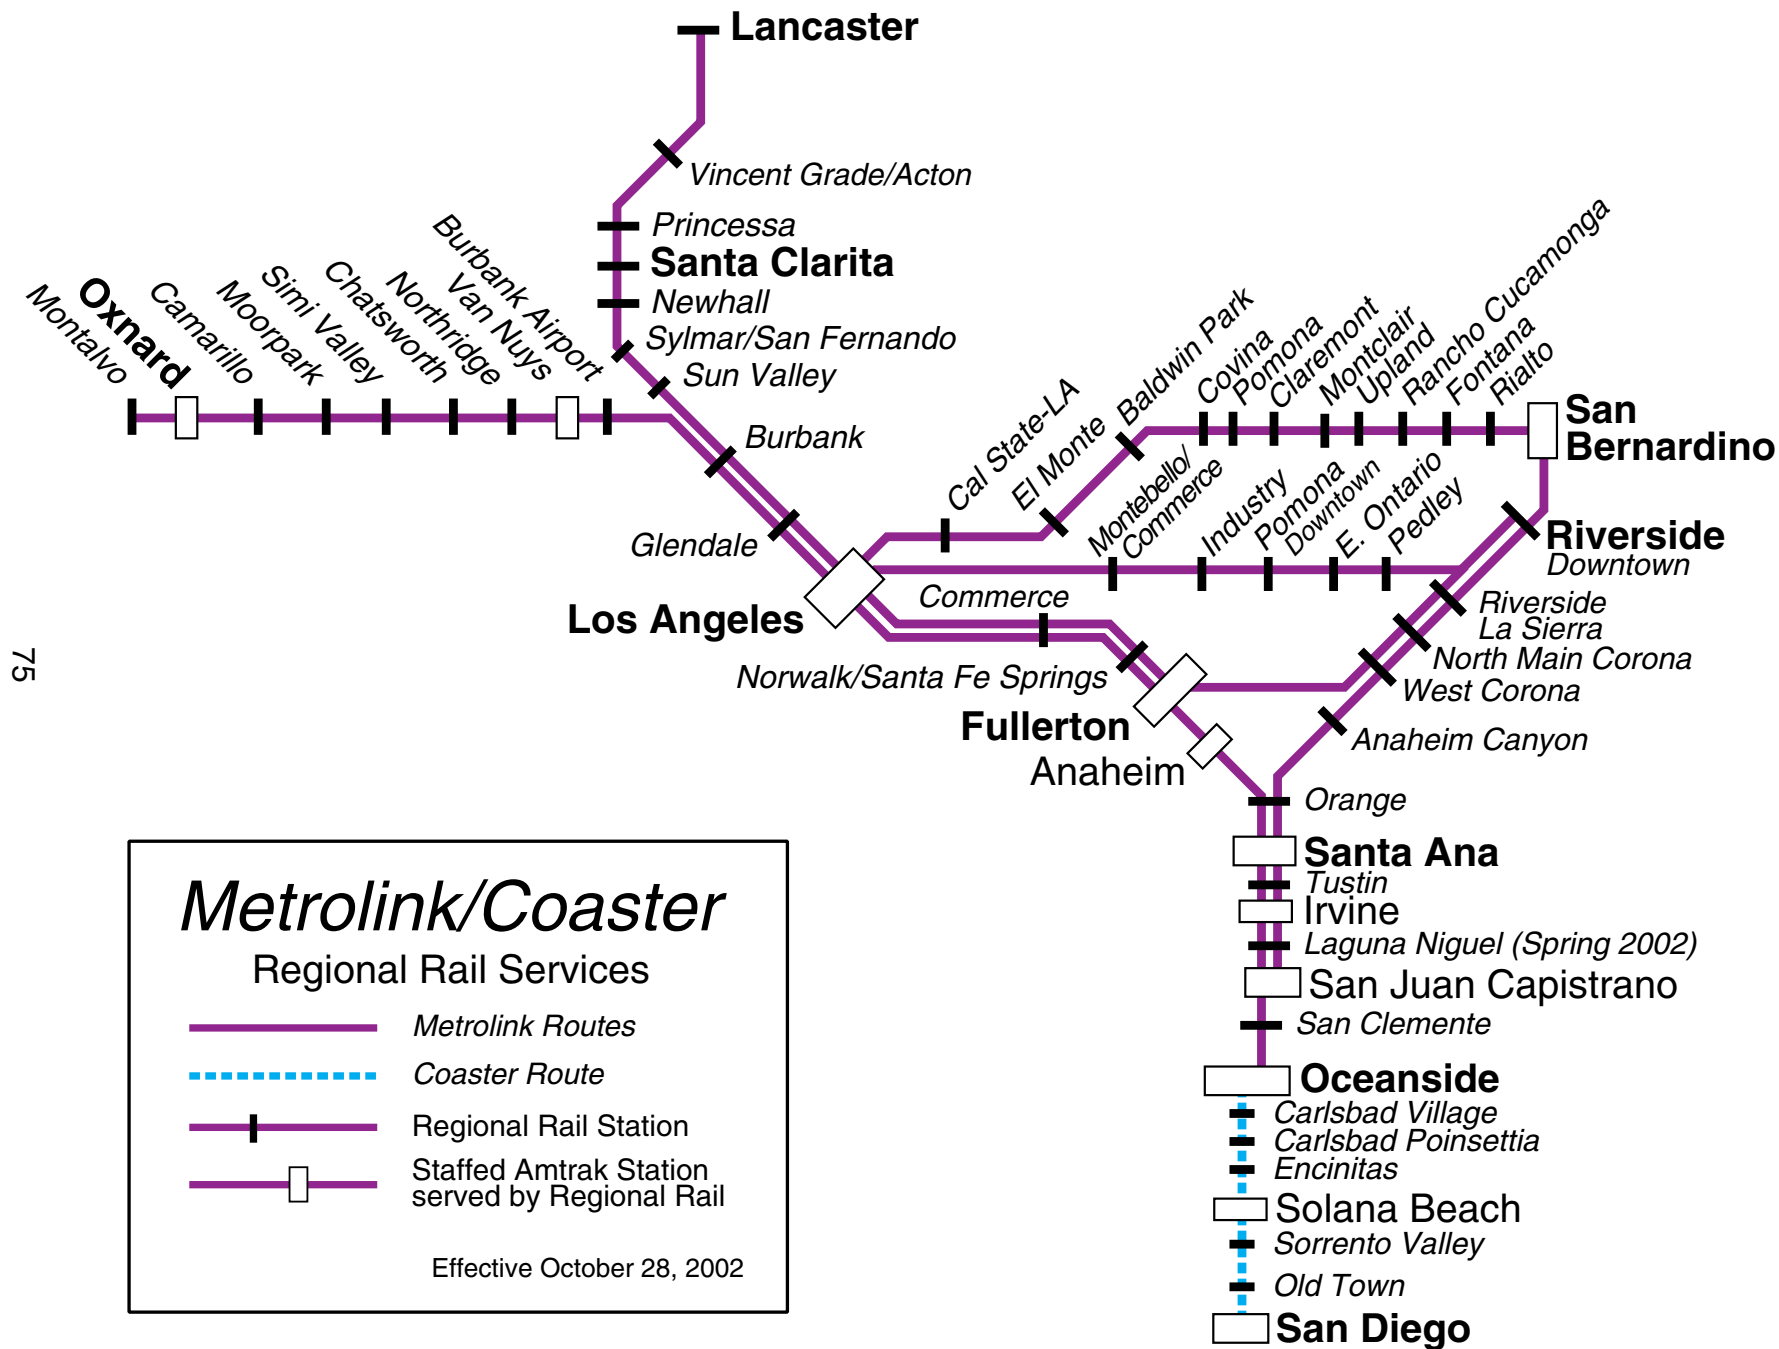

ACE will not operate on the day after Thanksgiving,

ACE tickets are not honored on Amtrak trains and buses, Except: ACE monthly ticket holders may ride certain Amtrak trains and buses between San Jose, Great America and Fremont/Centerville. Also, ACE monthly ticket holders may ride certain Amtrak Route 6 buses between points served by both routes. When Amtrak bus stop is at a different location than the ACE station, passengers must make their own arrangements. ACE one ride, two ride or twenty ride tickets are not valid on Amtrak trains or buses.

Note that ACE uses different stations from Amtrak in Tracy. Amtrak *San Joaquin* trains that operate to or from Oakland use a different station than ACE in Stockton.
